PUNISHMENT DEMANDED FOR KURT VON LERSNER

**SUPREME COUNCIL TAKES OTHER MEANS
OF DEMANDING DELIVERY OF GER-
MAN WAR CRIMINALS**

BERLIN PRESS OPPOSES DELIVERY

PARIS, Feb. 5.—A second note will be dispatched to Berlin shortly demanding that the German government punish Kurt von Lersner for his refusal to transmit the Allied list of German war guilty and its accompanying note it was learned here today.

BERLIN, Feb. 5.—The list of accused Germans whose surrender for trial before the Allied tribunal is demanded began arriving at 11 a. m. today. "The German people will not share this new shame," the Local Anzeiger said today. It protested violently against the Allied insistence for delivery of the German war guilty as provided for in the peace treaty. The newspaper in an editorial said it was "convinced the German people will gather the last remainder of strength to resist it to the utmost." The Allied demand "involves not the fate of a single individual but involves the fate of the nation."

BERLIN, Feb. 5.—The resignation of the German cabinet as the result of the Allied demand for the German war guilty was forecast here tonight. The cabinet went into session shortly after the receipt of the list of accused and the accompanying note. The meeting was expected to last throughout the night. The list of accused will be made public tomorrow.

SENATE COMMITTEE FAVORS DISCONTINUANCE OF GRAIN CORPORATION

WASHINGTON, Feb. 5.—The Senate Agricultural Committee today ordered a favorable report of the Gronna bill to discontinue the United States Grain Corporation.

INCOME TAX MEN ANNOUNCE DATES FOR THIS COUNTY

To The Editors:

We are enclosing herewith list of towns and the dates they are to be visited by deputy collectors of the 23d district of Pennsylvania, to assist taxpayers in preparing their income tax returns for the year 1919.

These deputies will assist taxpayers in every manner in preparing their returns, and will appear at the place on the date appearing on the schedule without fail.

Please say to the taxpayers that notices will be posted in each post office just where the deputy collectors will be stationed in the towns to render them assistance.

C. G. LEWELLY, Collector
Clearfield, Feb. 9 to 11 inclusive, at the City Hall.

Curwensville, Feb. 12 and 13 at the City Hall.

DuBois, March 5 to 15 inclusive, at the post office.

Houtzdale, Feb. 18 and 19 at the post office.

Irvonia, Feb. 16, at the post office.

Maders, Feb. 20 and 21 at the post office.

Mahaffey, Feb. 14 at the post office.

Osceola Mills, Feb. 16 and 17 at the social rooms.

Winburne, Feb. 12 to 14 inclusive, at the post office.

DON'T MISS TONIGHT'S LECTURE

Clearfield people should take advantage of the opportunity to hear Lou J. Drauchamp lecture at the High School auditorium tonight. He is one of the best liked lecturers on the American platform today and you will miss a treat if you fail to hear him.

FIRE DEPARTMENT MEETING

The regular monthly meeting of the Clearfield Fire Department will be held in the Third ward Hose House Friday evening, February 6, at 8 o'clock. All firemen requested to attend.

75-26 A. P. SPANGLER, Secy.

WHOWANTSTANK OF POISON GAS ASKS ABE NOVEY

**Clearfield Junk Dealer Has One
On Hand And Doesn't Know
What To Do With It**

APPEALS TO BOARD OF HEALTH

The local Board of Health has been called upon to tackle many knotty problems in the past few years, but are just about ready to throw up their hands on a proposition which was put up to them by Abe Novey, the Bigler avenue junk dealer, who is surely up against the real thing.

Mr. Novey uses an oxygen gas torch in his business for cutting and breaking up large masses of metal and secures the gas for operating the machine in tubes or tanks. During war times when the supply of gas was scarce Mr. Novey loaned two tanks to the Crescent Fire Brick Works at Curwensville on condition that when the gas supply became normal again the brick company would return the gas.

They returned it all right, at that, but right there is where Mr. Novey's kick comes in. The two tanks or carboys of gas arrived in Clearfield alright and were placed in storage at the Novey establishment. In the course of business one tank was used up and when the second one was tackled there was something doing every minute. This tank instead of containing the usual near-harmless oxygen gas was charged with deadly mustard gas for army use and when Abe tapped it preparatory to filling his torch enough escaped to fairly make his red hair curl. He realized shortly after he got the first whiff just what he was up against and was able to shut the damned thing off before being overcome but he went about like a "heavy" horse for several days following his experience while scared half to death at his narrow escape.

Now he is up against the proposition of getting rid of that death-dealing gas. He notified the brick company to come and take the pesky thing away but Supt. McKinley howled back from Curwensville that peace had been declared along Anderson creek and they didn't want it, so the poor junk man is sorely put to it as to what to do with the damned stuff. He says he can't sleep with it about his place of business because of the fear that the tank may spring a leak or bust and pollute the neighborhood with its blinding and death-dealing fumes; he don't feel like dumping it in the river or burying the instrument of death because the container itself is worth \$30 and Abe would like to salvage that amount from the wreck.

As a last resort he appealed today to the Board of Health for a solution of the difficulty, as he says the gas in its present condition is an over-present menace to the public health in the Bigler avenue neighborhood and it is the duty of the health authorities to take his "white elephant" off his hands.

The Board of Health will tackle the proposition at a special meeting in the council chamber this evening. Meanwhile Abe is going to bed and about his daily business with an army gas mask on prepared for eventualities.

EQUAL VOTING AMENDMENT IS SURE TO PASS

**Wilson Reported To Be Infuri-
ated Over Intrusion of Lord
Grey In Treaty Fight**

SOME REPUBLICANS OPPOSE

WASHINGTON, Feb. 5.—Adoption of the Johnson amendment to the treaty to give the United States the same number of votes as the British empire today loomed as one of the strong possibilities of the reconsideration of the treaty in the senate.

Senator Johnson announced upon his return to the capital late in the afternoon that he would bring up the amendment at the earliest opportunity. He predicted that as a result of the announcement by Viscount Grey that Great Britain does hold an advantage under the 6 to 1 voting arrangements, senators who voted against the amendment upon the theory that it would be distasteful to England will now support it.

Senator Johnson was campaigning in the west when the Grey letter was made public and the Republican leaders in the senate made arrangements to bring up the treaty again for consideration. He at once cancelled all engagements and hastened back to Washington to renew the fight for his amendment.

He gave out a statement tonight that was full of fight and determination to press the amendment to a vote.

Senator Poinceter, of Washington, also gave out a statement attacking the Viscount Grey letter. In his statement the senator expressed resentment at "the interference of the British ambassador in a purely American question." Throughout the senate corridors today there persisted the rumor that President Wilson has been greatly offended by the issuance of the Grey letter. One report of an alleged interview at the White House had it that the President was infuriated.

No confirmation of any of these rumors could be obtained but the senate was filled with the story and seemed to find credence with certain of the senators.

President Wilson regards Viscount Grey's letter on the peace treaty as but another step in the campaign to force him to accept strong reservations to the treaty; it was learned at the White House.

The President has read the letter of Viscount Grey, which declares that reservations are agreeable to Great Britain and has informed his intimates that his position will not be swayed by the letter or the report coming from London that the statement had been approved by the cabinet of Great Britain before being made public.

The President takes the view that Viscount Grey has been won over to the viewpoint of Senator Lodge by close personal contact with the Republican leader and has reported to his government that endorsement of the treaty, with the Lodge reservations is the only possible way to secure ratification of the peace treaty by the United States senate.

Secretly Tumulty has steadfastly refused to comment upon the President's attitude toward the letter of Viscount Grey, but it was learned upon the highest authority today

DEATH RATE FOR UNITED STATES IN 1919 RECORD

**Eighteen Out Of Every Thousand
Of Population Were Vic-
tims Of Disease**

FLU TOOK 30 PER CENT. TOLL

WASHINGTON, Feb. 5.—The census bureau's annual compilation of mortality statistics for the death registration area in continental United States shows 1,471,467 deaths in 1919, a rate of 18 per 1,000 population, the highest rate on record in the census bureau—due to the influenza pandemic. The death registration area comprised 77.6 per cent. of the estimated population of the United States.

Of the total deaths, 477,407 or more than 32 per cent. were due to influenza and pneumonia (all forms), 380,996 having occurred in the last four months of the year during the influenza pandemic. The rate for influenza and pneumonia (all forms) is 584.2 per 100,000. Influenza caused 244,681 deaths and pneumonia (all forms) 242,786, showing rates of 298.9 and 284.3 per 100,000 respectively, these being the highest rates which have ever appeared for these causes. The rate in 1917 for influenza was 171.2 and for pneumonia (all forms) was 149.8. In fact the difference (416.2 per 100,000 population) between the 1917 and 1918 rates corresponds with the excess mortality which occurred in the last four months of the year from the influenza pandemic.

The next most important causes of death were organic disease of the heart, tuberculosis (all forms), acute nephritis, Bright's disease and cancer, which together were responsible for 391,391 deaths, or nearly 27 per cent. of the total number. Tuberculosis in its various forms caused 122,668 deaths, of which 108,365 were due to tuberculosis of the lungs.

from one in constant communication with the President that the chief executive is highly indignant over the action taken by Viscount Grey and feels that it is an attempt from an outsider to interfere in a situation which is distinctly between the President of the United States and the Senate.

Dined Together
That Senator Lodge and Viscount Grey became fairly warm acquaintances, while the British ambassador was here is well known in Washington, and it is said that upon more than one occasion Viscount Grey and Senator Lodge dined together, when, it is generally believed, they discussed the treaty situation. These reports have reached the President.

Viscount Grey's special mission to the United States was in connection with the peace treaty and the league of nations. His mission here was partly blocked by the illness of the President and he did not see the chief executive.

Because of the fact it is felt by the President and those who are close to him, the viscount was forced to secure the greater part of his information on the treaty situation from those who are opposed to the President's course, and for this reason he issued his letter in an attempt to strengthen the case of those so opposed.

SEE LOWER LIVING COST THRU LOW EXCHANGE RATE

**DEPRECIATION OF EUROPEAN MONEY EX-
PECTED TO FORCE EUROPE TO CUT
BUYING EVEN NECESSITIES**

INCREASE OUR SUPPLY OF FOOD

WASHINGTON, Feb. 5.—A big drop in the price of necessities is only a few weeks away, government officials agreed here today, if the collapse of foreign exchanges continues. England, France and Italy will be forced to curtail their purchases on the American market which means a reduction in the volume of American exports and the dumping of goods on the American market. Bread stuffs and dairy products are being shipped abroad at the rate of four million dollars worth a day by American grocers, packers and exporters.

AMERICAN PLANTER REPORTED TO HAVE BEEN ABDUCTED BY MEXICANS

NEW YORK, Feb. 5.—Joseph E. Aschew, manager of the San Ferando Cotton Planters at Duranda, Mexico, was abducted on the night of February 2, according to information received here by the National Association for the Protection of American rights in Mexico. No details were given.

WASHINGTON, Feb. 5.—Joseph E. Aschew, an American citizen was kidnapped by Mexican bandits during an attack on the night of February 2, at Duranda, the State Department said today.

SNOW STORM TIES UP N. Y. HARBOR

NEW YORK, Feb. 5.—A blinding hail, sleet and snow storm here early today delayed rail traffic and greatly hampered harbor traffic, making navigation so hazardous that the railroad companies were thinking of suspending ferry service. The harbors were full of floating ice and hundreds of extra men with snow shovels were sent out to keep the surface tracks clean. People living out of town found great difficulty in getting to New York City.

MURDERER OF REAM HOXIE NOT FOUND

NEW YORK, Feb. 5.—A reward of \$5,000 was expected to be awarded today for information leading to the arrest of the murderer of 17 year old Ream Hoxie. The girl was killed Monday afternoon in her apartment. She was found kneeling beside her bed with her skull cracked. Four suspects have been arrested. The body will be taken to Hartford, Conn., for burial.

HORATIO L. SNYDER

Expressions of keenest sorrow are heard on every hand over the sad news of the death of Horatio L. Snyder, who passed away at the home of his daughter, Mrs. Chester Grove, in Juniata, Pa., on Monday morning, February 2, 1920. His death was the result of acute Bright's disease, and followed an illness of only a couple of days. He had not been in the best of health for some time, but was able to be around as usual and his serious illness and unexpected death came as a great shock to his family and friends.

The deceased, a son of Thomas G. and Martha E. Snyder, was born in Philadelphia on September 29th, 1843 making his age 76 years, 4 months and 4 days. Along about 1849, he came with his parents to Kylertown, in the vicinity of which the father invested in extensive land interests, and which later on became valuable in the wealth they contained in timber, coal and fire clay products. The

father died in 1888 and the mother in 1908, but most of these lands are still in possession of the estate.

Soon after the breaking out of Civil war, when living with his parents at Kylertown, Horatio, then a young man still in his teens, enlisted in defense of the stars and stripes and served faithfully all through the conflict. He was a member of Co. F, Second Pennsylvania Cavalry, and because he merited the honor, was made a First Lieutenant.

Some few years after the close of the rebellion Mr. Snyder became a bookkeeper for the Barwick-White Coal Mining Company, and served faithfully in that capacity a long time. During much of the time he was with that corporation for at least twenty years—he resided in Houtzdale. About ten years ago he purchased the H. J. Goss property in Philipsburg and soon after moved his family to that town. Disposing of the premises two years ago last fall, he went with his family to Philadelphia, where they remained until only a few weeks ago, when they came to Juniata, where a property was purchased and which was undergoing repairs preparatory to being occupied.

Mr. Snyder was prominent in Masonic circles. He was a charter member of the Osceola Blue Lodge, and also belonged to the Clearfield chapter, Royal Arch Masons, and Philipsburg Commandery, of Knights Templar.

Besides his wife, who was formerly Miss Anna E. Knox, he is survived by four daughters and three sons, viz: Mrs. Elsie Langdon, and Mary, wife of Chester Grove, of Juniata; Thomas G. and George F., of Windber; Charles D., of Philipsburg, and Misses M. Ruth and Phyllis L., at home. He also leaves three sisters and one brother, viz: Mary, wife of Ed. C. Brenner; Mrs. Lucy Hicklin, and Anna, wife of L. M. Garrett, all of Philadelphia and T. Lemus Snyder, of Clearfield.

The remains were brought to the home of his brother T. Lemus Snyder and the funeral was held yesterday afternoon at 4 o'clock. The Masons were in charge and interment was made in Hillcrest cemetery.

Statistics show that disease carried off eighteen out of every thousand population last year. If this continues the census enumerator will have a cinch in 1930.

Poison kills poison. Now let the Board of Health sprinkle that poison gas in generous measure over the stinky but beautiful Susquehanna this spring.

"When is whiskey whiskey?" This is the question that Congress debated for several months a year or two ago. Now the Bloom township people want to know "when is cider vinegar?"

Telephone service normal. Sure it is. Just like it was before the strike. Does anybody dispute it? Many of our readers could not understand why we used the word normal. Webster defines normal as "according to the rule." Let us amend it a trifle and say it is "according to the general rule of telephone service in Clearfield. Again Webster defines normal as "perpendicular." Up in the air, see.

To the Hun a treaty is still a "scrap of paper." The leopard cannot change his spots. In all solemnity they signed the peace treaty and agreed to its every condition. Then they affect to be surprised that the Allies ask for fulfillment of those conditions. The people of the Allied nations insisted on two things in the treaty of Germany—reparation for Belgium and France and punishment of the German war lords—and will demand these things. Recently there seems to have been a disposition on the part of the Supreme Council to soft pedal the demand for the Kaiser and his co-horts. Not one of the conditions of the treaty should be modified one iota. The war will not have its proper ending until the war lords are brought to trial—and when we write brought—we mean dead or alive.

Not too much hope should be based on the news article today stating that government officials agreed that price drops in necessities could be expected as a result of the depreciating foreign exchange and this statement should be accepted as a mere prophesy and not as a statement of certainty. Then reasoning, however, is logical. The tremendous exports of food stuffs to Europe has had no small influence on the price of food stuffs and clothing necessities. The demand of Europe is so great that any kind of an article finds ready sale. An instance of this condition of affairs came to our notice recently when we were offered ninety dollars for a second handed typewriter. The purchaser, after we declined to accept his proposition, told us that his firm was buying up all of that model they could get for export and that their European customer was bidding one hundred and twenty-five dollars for them, a figure higher than the price of the machine new. If this condition prevails on a business necessity no much more so does it exist in food and clothing.

REUBEN ALFRED HOLT

Reuben Alfred Holt was born near Keewaydin, Covington township, February 17th, 1854. He was the son of James Holt. He died at Karthaus January 30th, 1920. His passing out marks the fifth death in a family of six brothers.

Mr. Holt lived all his life in Covington township, and was a good citizen. All who knew him well have a good word to say of him. He was thoroughly industrious and performed his part of the world's work to the best of his ability.

He was a kind friend and neighbor and was always ready to go out of his way to help somebody else, and will be much missed in the community.

He was united in marriage with Mary C. Beightol almost forty one years ago. He was a good husband

and father, and they a most devoted couple. They lived for each other and their family and had a happy home.

Mr. Holt had been in poor health for several years, and had been a great sufferer during the past few weeks.

He is survived by his wife and two daughters, Mrs. Cecelia McCloskey, Karthaus; Mrs. Clara Belle Shuey, Bald Hill; Blain H. Holt, Surveyor, and brother George D. Holt, Glass Fiat, and several grand children.

The funeral was held Monday, February 2nd, at two o'clock, from the Karthaus Methodist church, Rev. John P. McCurdy officiating. Interment at Keewaydin.

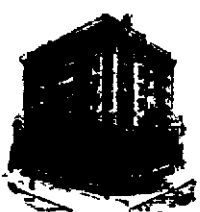

Mrs. M. M. Bruner and son Guy and daughter Margaret left yesterday for Latrobe, Pa., where they were called on account of the death of Charles H. Lafferty.

Checks are Essential

The people who use bank checks could hardly do without them and nothing can take the place of personal checks.

Your personal check on the Bank is a dated and signed order for the Bank to pay from your funds on deposit, the amount in dollars and cents, to the person you name.

Each check does its work in a reliable way, and furnishes you a trustworthy record of each transaction for your future reference. The amount stays paid. If you do not pay with checks, begin now. Make arrangements here.

Ford
THE UNIVERSAL CAR

Don't Depend On Spring Deliveries

Spring deliveries of Ford cars have never been certain, and they should not be depended upon. Demand has always been greater for Ford cars than the supply or production. So, if you would be sure of having a Ford car, but it now while deliveries are possible. Don't wait—even next month is an uncertainty.

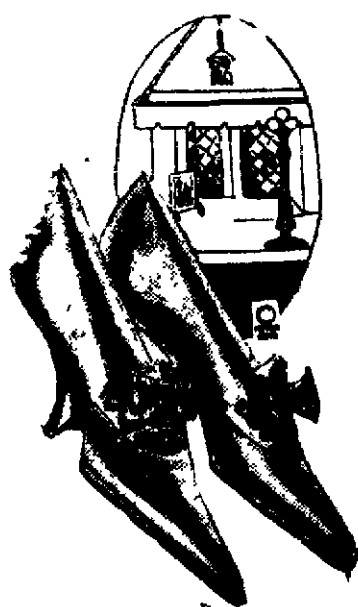

Only a limited, specified number of cars has been allotted this territory. That allotment cannot be increased, because the demand all over the country is greater than the supply or production. Get your order in now, and you will be one of those who is sure of a Ford car out of our allotment.

It's first come—first served. All orders are filled in rotation. So, if you would be forehanded, if you would be certain of having a Ford car when you want it—then you will buy a Ford car now. A signed order with us is your protection. It is the result of the wisdom of looking ahead.

If you buy a Ford car now, don't think you have to "store" it. The Ford is a car made to serve its owner for business or pleasure throughout the entire year. Ford owners have long since come to recognize the fact. It is no longer popular to "lay-up" your car for the winter. Buy a Ford car now, and use it now.

Save Her Youth

If your wife is doing the washing over a rub-board she is spending nearly two months out of every year, ten years of her whole life-time, at the hardest work that either a man or woman is ever called upon to do.

If you could see her down in the gloomy cellar battling with a mountain of dirty clothes to provide you and the home with clean things—

If you only knew how she longed to be free forever of bending over that board and of parboiling her hands for hours in those hot, eating soap-suds—

If you only knew the backaches—yes, the heartaches that are hers as she sees her youth leaving her, sapped by the aging fatigue of washday— You would do something now—today—to solve this big work problem of hers—and all you have to do to solve this vital problem of her life is to call today and see the

BLUE BIRD

Electric Clothes Washer

What you see, and what you find out, will amaze you—the whole washing done far cleaner than by hand, and three times as fast, without any real work at all, and all the clothes washed without the slightest wear or tear; in fact, clothes washed the BlueBird way last five times longer than when washed on a rub-board. Arrange for a

Free Demonstration in your home

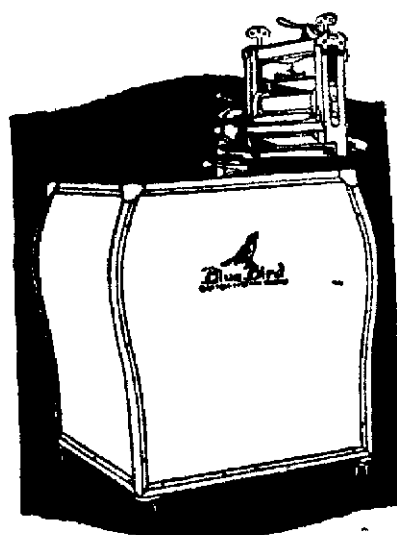

and prove what this wonderful washer will do and what it will mean to you. No expense! Nothing to sign! No obligation! and see BlueBird today, sure.

SULPHUR CLEARS A PIMPLY SKIN

Apply Sulphur as Told When Your Skin Breaks Out

Any breaking out of the skin on face, neck, arms or body is overcome quickest by applying Menthio-Sulphur. The pimples seem to dry right up and go away, declares a noted skin specialist.

Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Menthio-Sulphur and use it like cold cream.

LINCOLN DAY PLAY AT THE HIGH SCHOOL

The Market street school children will present a Lincoln Day play entitled "With Fire and Drum," by Clara J. Denton, on Thursday evening, February 12, 1920 at 8 o'clock at the High school auditorium.

In addition to the play pleasing specialties will be introduced between the acts. These will consist of negro songs, buck and wing dance and genuine negro cake walk.

The proceeds will go to the school library fund which was started last year and the little actors should be greeted by a crowded house on this occasion.

Admission will be, adults 15c, children 10c.

AT THE HIGH SCHOOL AUDITORIUM

Saturday, February 7th, 1920, Staff Captain William (Dad) Halpin, the man whom many ex-service men will want to see and hear again, will be at the High School Auditorium. I should like all who appreciate what the Staff Captain did for them and their "over there," to come and give him a hearty welcome.

The Staff Captain was with the Victory Loan Train, and made many friends in this section who will want to see and hear him again.

All who have heard him on his former visits, will want to do so again, so we have secured the High School Auditorium in order that more may hear him. But you had better come early.

There will be no admission charged but a collection will be taken up to help pay for the Auditorium and traveling expenses.

Doors open at 7:30 P. M., and big time begins at 8 P. M.

BARREL OF CIDER BROUGHT TOP PRICE

At a recent vendue in one of the southwestern townships of the county, among the articles put up for sale was a barrel of cider vinegar, listed as being in "prime condition."

As was to have been expected the bidding was more spirited at this point than at any other time during the sale. The lucky purchaser is said to have put up \$77 for the barrel.

As soon as it was knocked down to him, the lucky new owner sampled its contents, while the less fortunate ones looked on enviously. After a long draught or two, a general invitation to participate was extended to the assembled guests, and none refused.

The cider was "hard as nails," had a beautiful 15 per cent. kick, and pretty soon the loquacity of the many bidders put even the glib-tongued auctioneer in the shade. It helped the sale, too.

MISS KNOWLES MAY BE MARRIED MONDAY

FALL RIVER, MASS., Feb. 5.—Miss Emily Knowles and Guy M. Knowles, brother of the father of Knowles' child, probably will be married here next Monday, Knowles said today.

WILLIAM DELL SCHENCK, William Dell Schenck, son of late Dr. E. M. Schenck, of Clearfield, who died suddenly last evening last at his home 300 Dithridge street, Pittsburgh, born in Clearfield thirty-five years ago. He is survived by a wife, his mother and one sister.

The remains will be brought to Clearfield Friday afternoon on the 4:35 P. M. R. & P. train and the funeral, under the direction of Dr. Leary, will occur from the church. The local pallbearers reported are E. Orcutt, C. A. Smith, Louis Gaudin, Don Gaudin, J. Chas. Gaudin and William F. Powell. Interment is in Hillcrest cemetery.

NEWS OF OUR NEIGHBORS CURWENSVILLE

Owing to the funeral of A. H. Irvin occurring on Monday, borough council did not hold its session, but convened on Tuesday evening, all members being present but J. G. Fullerton, who was out of town. There was not a great deal of business transacted, except the appointment of committees by President Irvin, who will serve for the year 1920-21, the council now being organized for two years. The first named of each committee will act as chairman, viz: Finance, S. P. Bressler, M. A. Caldwell and J. P. Irvin. Street and Light, M. A. Caldwell, J. M. McKinley and J. P. Irvin. Sidewalks, J. G. Fullerton, M. A. Caldwell and S. P. Bressler. Drainage and Water, F. F. Tate, J. G. Fullerton and J. M. McKinley. Public Building and Fire Department, J. M. McKinley, J. G. Fullerton and F. F. Tate.

Bills accruing for month of January were read and warrants ordered drawn for same. Some other important questions pertaining to borough matters were discussed and tabled until next session.

There is no use in disguising the fact that the flu has made its appearance in Curwensville, there being more than a dozen cases in the borough. Since it is not obligatory for a quarantine or a physician's report to the secretary of the Board of Health, it was not generally known that any one in town was afflicted with the disease. It is said that none of the cases thus far are likely to prove fatal.

Joseph Dale has purchased from the Leather Bros., ten acres of ground, house, barn and outbuildings formerly owned by A. E. Patton. Consideration, \$5,000.

A. H. Woodward has purchased from C. E. Patton, a block of lots in the Patton Addition, near Naulton, paying \$138 for the same.

William McNaul, who was operated upon at the DuBois Hospital several weeks ago, was brought home last Thursday, and is recovering slowly.

The next lecture under the auspices of the Industrial or Community Association, will be delivered by Dr. Janney, of Baltimore, on Monday, the 16th inst.

Thursday evening Mr. and Mrs. H. J. Kittleberger will entertain at their handsome home the members of Rev. Samuel Watts' Bible Class and their wives.

Your Satisfaction Is My Success

The fact that I devote myself exclusively to the scientific examination of the eye and the furnishing of glasses at moderate prices, up-to-date methods, and a perfectly equipped room for examinations has made the words "satisfaction" and "success" synonymous.

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best, eat one's best food into the stomach. Girls and women with sallow skin, liver spots, pimples or pallid complexion, who wake up with a coated tongue, bad breath, heavy eyelids, just as coal when it burns, who begin a certain amount of indigestible material in the form of food, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which are then rucked into the food through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus clearing, sweetening and purifying the entire system.

A quarter pound of limestone phosphate costs very little at the drug store, but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is not only more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the blood pores do.

Women who desire to enhance the beauty of their complexion should try this for a week and notice the difference.

St. Valentine's Day

A Most Inclusive Collection For February Fourteenth

From the funny ones that shout a humorous message to the ones that carry with them some tender message ---they're all here in profusion.

MU-COL Replaces Alcohol

The high cost of Alcohol today makes its use practically prohibitive for general bathing purposes and to reduce the fever in severe illness.

MU-COL replaces Alcohol in the sick room, at trifling cost, quickly reducing the temperature and cooling the skin. It at once affords prompt relief from any soreness or discomfort as a result of being confined to bed and minimizes the danger of the patient contracting bed sores.

People who have been accustomed to the invigorating effect of an alcohol-rub should try a MU-COL sponge bath. They will be delighted to find how completely it takes its place.

Any first-class pharmacist can supply you. Remember the name, MU-COL.

HER BOY HAD ALWAYS BEEN WEAK AND PUNY

Now he eats everything in sight and romps with playmates.

My four year old boy had been weak and puny since birth, and had constipation and indigestion. Nothing did him any good until we tried Milk's Emulsion. Since using it, he can't get enough to eat and has outgrown his childhood trouble. He plays out with the children now, and he was never able to do that before. —Way Heart, 424 Bondy Ave., New Castle, Ind.

Weak, ailing children usually start eating and getting stronger from the very first bottle of Milk's Emulsion. Most children like to take it, because it really tastes good. A trial costs nothing.

Milk's Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physic. It promotes appetite and quickens the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk's Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in restoring and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved—usually in one day. It produces remarkable results in colds, coughs and bronchial asthma.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee—Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milk's Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere. Guaranteed by Stewart's Drug Store.

MORE PRAISE FOR MISS YORKE

Indisputably Miss Yorke was the popular member of the company. Young, beautiful and full of animation, a natural actor and possessed of a remarkably sweet yet powerful and well-trained voice, she sang herself into the hearts of the thousands who heard her. Four year a pupil of Sebastiana in Italy she returned to this country a year ago and instantly

made a place for herself on the concert stage, appearing with artists of national reputation and dividing with them the applause of large audiences.—Williamsport Grit.

The infant son of Mr. and Mrs. Ray Pooler died at the family home on South Second street early this morning and will be buried in Hillcrest cemetery tomorrow afternoon.

SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs kidneys, then back hurts and bladder bothers you

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless, inexpensive, makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

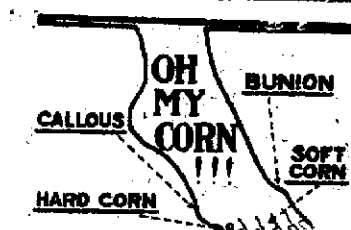

ALLEN CHURCH SOLICITORS

Free Demonstration in your own home

LOOK here! We'll do a full big washing for you in your own laundry any day you wish. You say when you want our expert to come and bring along a machine. Then, pile up everything and anything you wish to have washed—fine laces, heavy blankets, sheets—and let the machine go to it. That's the way to test a washing machine, let it do the work you want it to do and let it do it right where it will have to do it week in and week out. We are so confident that you will be delighted with the

Thor ELECTRIC WASHING MACHINE

WITH SWINGING WRINGER

that we are willing to take our chances on you're liking it. If you don't like it, you are under no obligation of any kind. If you do like it you can keep it by paying

\$10.00 Down and the balance in easy monthly payments.

WHY THE THOR IS THE SUPREME MACHINE

It has the all-metal, full-swinging wringer, which cannot be operated until locked in position.

It is built to wear and will last a lifetime.

It is unqualifiedly guaranteed by the Hurley Machine Company, the largest manufacturer of washing machines in the world.

It is a cylinder machine and every laundryman in this country will tell you that he uses cylinder machines and that they are the only practical thing.

It washes clothes clean—absolutely clean—without tearing or otherwise damaging them. A sweet, White Maple cylinder does the work.

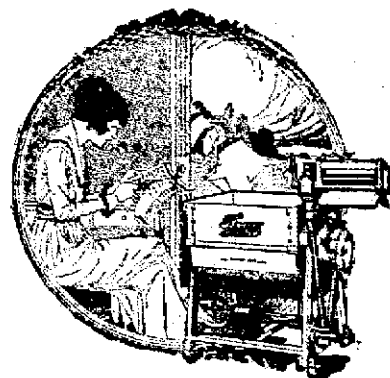

The Thor has a full-length gas-burner that boils your clothes while they are being washed. This insures spotlessly white and sterilized garments.

Electric current and gas for operation costs approximately three cents per hour.

There are no belts to break or catch the clothes of the operator; steel shafts and gears all enclosed assure safety first and make it foolproof.

The Thor has stood the test of fourteen years' service and today is used in more than 400,000 American homes.

Good Housekeeping Institute unqualifiedly endorses the Thor.

PUNISHMENT DEMANDED FOR KURT VON LERSNER

**SUPREME COUNCIL TAKES OTHER MEANS
OF DEMANDING DELIVERY OF GER-
MAN WAR CRIMINALS**

BERLIN PRESS OPPOSES DELIVERY

PARIS, Feb. 5.—A second note will be dispatched to Berlin shortly demanding that the German government punish Kurt von Lersner for his refusal to transmit the Allied list of German war guilty and its accompanying note it was learned here today.

BERLIN, Feb. 5.—The list of accused Germans whose surrender for trial before the Allied tribunal is demanded began arriving at 11 a. m. today. "The German people will not share this new shame," the Local Anzeiger said today. It protested violently against the Allied insistence for delivery of the German war guilty as provided for in the peace treaty. The newspaper in an editorial said it was "convinced the German people will gather the last remainder of strength to resist it to the utmost." The Allied demand "involves not the fate of a single individual but involves the fate of the nation."

BERLIN, Feb. 5.—The resignation of the German cabinet as the result of the Allied demand for the German war guilty was forecast here tonight. The cabinet went into session shortly after the receipt of the list of accused and the accompanying note. The meeting was expected to last throughout the night. The list of accused will be made public tomorrow.

SENATE COMMITTEE FAVORS DISCONTINUANCE OF GRAIN CORPORATION

WASHINGTON, Feb. 5.—The Senate Agricultural Committee today ordered a favorable report of the Gronna bill to discontinue the United States Grain Corporation.

INCOME TAX MEN ANNOUNCE DATES FOR THIS COUNTY

To The Editors:

We are enclosing herewith list of towns and the dates they are to be visited by deputy collectors of the 23d district of Pennsylvania, to assist taxpayers in preparing their income tax returns for the year 1919.

These deputies will assist taxpayers in every manner in preparing their returns, and will appear at the place on the date appearing on the schedule without fail.

Please say to the taxpayers that notices will be posted in each post office just where the deputy collectors will be stationed in the towns to render them assistance.

C. G. LEWELLY, Collector
Clearfield, Feb. 9 to 11 inclusive, at the City Hall.

Curwensville, Feb. 12 and 13 at the City Hall.

DuBois, March 5 to 15 inclusive, at the post office.

Houtzdale, Feb. 18 and 19 at the post office.

Irvonia, Feb. 16, at the post office.

Maders, Feb. 20 and 21 at the post office.

Mahaffey, Feb. 14 at the post office.

Osceola Mills, Feb. 16 and 17 at the social rooms.

Winburne, Feb. 12 to 14 inclusive, at the post office.

DON'T MISS TONIGHT'S LECTURE

Clearfield people should take advantage of the opportunity to hear Lou J. Drauchamp lecture at the High School auditorium tonight. He is one of the best liked lecturers on the American platform today and you will miss a treat if you fail to hear him.

FIRE DEPARTMENT MEETING

The regular monthly meeting of the Clearfield Fire Department will be held in the Third ward Hose House Friday evening, February 6, at 8 o'clock. All firemen requested to attend.

75-26 A. P. SPANGLER, Secy.

WHOWANTSTANK OF POISON GAS ASKS ABE NOVEY

**Clearfield Junk Dealer Has One
On Hand And Doesn't Know
What To Do With It**

APPEALS TO BOARD OF HEALTH

The local Board of Health has been called upon to tackle many knotty problems in the past few years, but are just about ready to throw up their hands on a proposition which was put up to them by Abe Novey, the Bigler avenue junk dealer, who is surely up against the real thing.

Mr. Novey uses an oxygen gas torch in his business for cutting and breaking up large masses of metal and secures the gas for operating the machine in tubes or tanks. During war times when the supply of gas was scarce Mr. Novey loaned two tanks to the Crescent Fire Brick Works at Curwensville on condition that when the gas supply became normal again the brick company would return the gas.

They returned it all right, at that, but right there is where Mr. Novey's kick comes in. The two tanks or carboys of gas arrived in Clearfield alright and were placed in storage at the Novey establishment. In the course of business one tank was used up and when the second one was tackled there was something doing every minute. This tank instead of containing the usual near-harmless oxygen gas was charged with deadly mustard gas for army use and when Abe tapped it preparatory to filling his torch enough escaped to fairly make his red hair curl. He realized shortly after he got the first whiff just what he was up against and was able to shut the damned thing off before being overcome but he went about like a "heavy" horse for several days following his experience while scared half to death at his narrow escape.

ARMED GUARDS WILL PREVENT LYNCHING

FRANKFORT, Ky., Feb. 5.—One hundred guards, armed with riot guns, today were stationed at the state prison here, to prevent an attempt to lynch William Luckett, aged 32, a negro charged with attacking and killing Geneva Hardeman, of South Elkhorn. Luckett was arrested late yesterday, after a chase by blood hounds, and was brought to Frankfort.

DOBBIN SPOILED THE PARTY

A certain husky blonde saleslady, located not more than a city block from the Court House, borrowed a Hillside man's one cylinder sled the other evening, for the purpose of taking several of her young lady friends out for a sleigh ride. The motive power of the rig had not been out of the barn for some time, and demonstrated his fondness for the "great white way" by refusing to pull a pound after passing the last lighted store window on Daisy street. It had been the intention of the party to sleigh to Woodland and return, but when Dobbin refused to leave town there was nothing to do but return.

Everything was working fine coming up Third street, with the hostess at "the wheel," until the Driggs Theatre was reached. Attracted by the show posters the Hillside man jammed his carburetor, lolled over to the curb and stopped for a look. He looked long and wearily, despite the best efforts of his fair driver, who saved the situation after five minutes of fruitless effort to start Dobbin, by inviting her guests to Jordan's for lunch, while she gave a kid fifty cents to get the horse and sled home.

Terrible Suspense

"The suspense of this continued story is terrible," said Miss Fanny Pyettin. "There's a report at the post office that the magazine isn't coming out next month."

EQUAL VOTING AMENDMENT IS SURE TO PASS

**Wilson Reported To Be Inturi-
ated Over Intrusion of Lord
Grey In Treaty Fight**

SOME REPUBLICANS OPPOSE

WASHINGTON, Feb. 5.—Adoption of the Johnson amendment to the treaty to give the United States the same number of votes as the British empire today loomed as one of the strong possibilities of the reconsideration of the treaty in the senate.

Senator Johnson announced upon his return to the capital late in the afternoon that he would bring up the amendment at the earliest opportunity. He predicted that as a result of the announcement by Viscount Grey that Great Britain does hold an advantage under the 6 to 1 voting arrangements, senators who voted against the amendment upon the theory that it would be distasteful to England will now support it.

Senator Johnson was campaigning in the west when the Grey letter was made public and the Republican leaders in the senate made arrangements to bring up the treaty again for consideration. He at once cancelled all engagements and hastened back to Washington to renew the fight for his amendment.

He gave out a statement tonight that was full of fight and determination to press the amendment to a vote.

Senator Poinceter, of Washington, also gave out a statement attacking the Viscount Grey letter. In his statement the senator expressed resentment at "the interference of the British ambassador in a purely American question." Throughout the senate corridors today there persisted the rumor that President Wilson has been greatly offended by the issuance of the Grey letter. One report of an alleged interview at the White House had it that the President was infuriated.

No confirmation of any of these rumors could be obtained but the senate was filled with the story and seemed to find credence with certain of the senators.

President Wilson regards Viscount Grey's letter on the peace treaty as but another step in the campaign to force him to accept strong reservations to the treaty; it was learned at the White House.

The President has read the letter of Viscount Grey, which declares that reservations are agreeable to Great Britain and has informed his intimates that his position will not be swayed by the letter or the report coming from London that the statement had been approved by the cabinet of Great Britain before being made public.

The President takes the view that Viscount Grey has been won over to the viewpoint of Senator Lodge by close personal contact with the Republican leader and has reported to his government that endorsement of the treaty, with the Lodge reservations is the only possible way to secure ratification of the peace treaty by the United States senate.

Secretly Tumulty has steadfastly refused to comment upon the President's attitude toward the letter of Viscount Grey, but it was learned upon the highest authority today

DEATH RATE FOR UNITED STATES IN 1919 RECORD

**Eighteen Out Of Every Thousand
Of Population Were Vic-
tims Of Disease**

FLU TOOK 30 PER CENT. TOLL

WASHINGTON, Feb. 5.—The census bureau's annual compilation of mortality statistics for the death registration area in continental United States shows 1,471,467 deaths in 1919, a rate of 18 per 1,000 population, the highest rate on record in the census bureau—due to the influenza pandemic. The death registration area comprised 77.6 per cent. of the estimated population of the United States.

Of the total deaths, 477,407 or more than 32 per cent. were due to influenza and pneumonia (all forms), 380,996 having occurred in the last four months of the year during the influenza pandemic. The rate for influenza and pneumonia (all forms) is 584.2 per 100,000. Influenza caused 244,681 deaths and pneumonia (all forms) 242,786, showing rates of 298.9 and 284.3 per 100,000 respectively, these being the highest rates which have ever appeared for these causes. The rate in 1917 for influenza was 171.2 and for pneumonia (all forms) was 149.8. In fact the difference (416.2 per 100,000 population) between the 1917 and 1918 rates corresponds with the excess mortality which occurred in the last four months of the year from the influenza pandemic.

The next most important causes of death were organic disease of the heart, tuberculosis (all forms), acute nephritis, Bright's disease and cancer, which together were responsible for 391,391 deaths, or nearly 27 per cent. of the total number. Tuberculosis in its various forms caused 122,668 deaths, of which 108,365 were due to tuberculosis of the lungs.

from one in constant communication with the President that the chief executive is highly indignant over the action taken by Viscount Grey and feels that it is an attempt from an outsider to interfere in a situation which is distinctly between the President of the United States and the Senate.

Dined Together

That Senator Lodge and Viscount Grey became fairly warm acquaintances, while the British ambassador was here is well known in Washington, and it is said that upon more than one occasion Viscount Grey and Senator Lodge dined together, when, it is generally believed, they discussed the treaty situation. These reports have reached the President.

Viscount Grey's special mission to the United States was in connection with the peace treaty and the league of nations. His mission here was partly blocked by the illness of the President and he did not see the chief executive.

Because of the fact it is felt by the President and those who are close to him, the viscount was forced to secure the greater part of his information on the treaty situation from those who are opposed to the President's course, and for this reason he issued his letter in an attempt to strengthen the case of those so opposed.

SEE LOWER LIVING COST THRU LOW EXCHANGE RATE

**DEPRECIATION OF EUROPEAN MONEY EX-
PECTED TO FORCE EUROPE TO CUT
BUYING EVEN NECESSITIES**

INCREASE OUR SUPPLY OF FOOD

WASHINGTON, Feb. 5.—A big drop in the price of necessities is only a few weeks away, government officials agreed here today, if the collapse of foreign exchanges continues. England, France and Italy will be forced to curtail their purchases on the American market which means a reduction in the volume of American exports and the dumping of goods on the American market. Bread stuffs and dairy products are being shipped abroad at the rate of four million dollars worth a day by American grocers, packers and exporters.

AMERICAN PLANTER REPORTED TO HAVE BEEN ABDUCTED BY MEXICANS

NEW YORK, Feb. 5.—Joseph E. Aschew, manager of the San Ferando Cotton Planters at Duranda, Mexico, was abducted on the night of February 2, according to information received here by the National Association for the Protection of American rights in Mexico. No details were given.

WASHINGTON, Feb. 5.—Joseph E. Aschew, an American citizen was kidnapped by Mexican bandits during an attack on the night of February 2, at Duranda, the State Department said today.

SNOW STORM TIES UP N. Y. HARBOR

NEW YORK, Feb. 5.—A blinding hail, sleet and snow storm here early today delayed rail traffic and greatly hampered harbor traffic, making navigation so hazardous that the railroad companies were thinking of suspending ferry service. The harbors were full of floating ice and hundreds of extra men with snow shovels were sent out to keep the surface tracks clean. People living out of town found great difficulty in getting to New York City.

MURDERER OF REAM HOXIE NOT FOUND

NEW YORK, Feb. 5.—A reward of \$5,000 was expected to be awarded today for information leading to the arrest of the murderer of 17 year old Ream Hoxie. The girl was killed Monday afternoon in her apartment. She was found kneeling beside her bed with her skull cracked. Four suspects have been arrested. The body will be taken to Hartford, Conn., for burial.

HORATIO L. SNYDER

Expressions of keenest sorrow are heard on every hand over the sad news of the death of Horatio L. Snyder, who passed away at the home of his daughter, Mrs. Chester Grove, in Juniata, Pa., on Monday morning, February 2, 1920. His death was the result of acute Bright's disease, and followed an illness of only a couple of days. He had not been in the best of health for some time, but was able to be around as usual and his serious illness and unexpected death came as a great shock to his family and friends.

The deceased, a son of Thomas G. and Martha E. Snyder, was born in Philadelphia on September 29th, 1843 making his age 76 years, 4 months and 4 days. Along about 1849, he came with his parents to Kylertown, in the vicinity of which the father invested in extensive land interests, and which later on became valuable in the wealth they contained in timber, coal and fire clay products. The

father died in 1888 and the mother in 1908, but most of these lands are still in possession of the estate.

Soon after the breaking out of Civil war, when living with his parents at Kylertown, Horatio, then a young man still in his teens, enlisted in defense of the stars and stripes and served faithfully all through the conflict. He was a member of Co. F, Second Pennsylvania Cavalry, and because he merited the honor, was made a First Lieutenant.

Some few years after the close of the rebellion Mr. Snyder became a bookkeeper for the Norwalk-White Coal Mining Company, and served faithfully in that capacity a long time. During much of the time he was with that corporation for at least twenty years—he resided in Houtzdale. About ten years ago he purchased the H. J. Goss property in Philipsburg and soon after moved his family to that town. Disposing of the premises two years ago last fall, he went with his family to Philadelphia, where they remained until only a few weeks ago, when they came to Juniata, where a property was purchased and which was undergoing repairs preparatory to being occupied.

Mr. Snyder was prominent in Masonic circles. He was a charter member of the Osceola Blue Lodge, and also belonged to the Clearfield chapter, Royal Arch Masons, and Philipsburg Commandery, of Knights Templar.

Besides his wife, who was formerly Miss Anna E. Knox, he is survived by four daughters and three sons, viz: Mrs. Elsie Langdon, and Mary, wife of Chester Grove, of Juniata; Thomas G. and George F., of Windber; Charles D., of Philipsburg, and Misses M. Ruth and Phyllis L., at home. He also leaves three sisters and one brother, viz: Mary, wife of Ed. C. Brenner; Mrs. Lucy Hicklin, of Anna, wife of L. M. Garrett, all of Philadelphia and T. Lemus Snyder, of Clearfield.

The remains were brought to the home of his brother T. Lemus Snyder and the funeral was held yesterday afternoon at 4 o'clock. The Masons were in charge and interment was made in Hillcrest cemetery.

Believed to Be Monopoles.
Many plants are popularly believed to keep away mosquitoes, among them being several species of eucalyptus, the castor-oil plant, the chinaberry tree, etc. Scientific observations have not confirmed the popular idea on this subject.

Statistics show that disease carried off eighteen out of every thousand population last year. If this continues the census enumerator will have a cinch in 1930.

Poison kills poison. Now let the Board of Health sprinkle that poison gas in generous measure over the stinky but beautiful Susquehanna this spring.

"When is whiskey whiskey?" This is the question that Congress debated for several months a year or two ago. Now the Bloom township people want to know "when is cider vinegar?"

Telephone service normal. Sure it is. Just like it was before the strike. Does anybody dispute it? Many of our readers could not understand why we used the word normal. Webster defines normal as "according to the rule." Let us amend it a trifle and say it is "according to the general rule of telephone service in Clearfield. Again Webster defines normal as "perpendicular." Up in the air, see.

To the Hun a treaty is still a "scrap of paper." The leopard cannot change his spots. In all solemnity they signed the peace treaty and agreed to its every condition. Then they affect to be surprised that the Allies ask for fulfillment of those conditions. The people of the Allied nations insisted on two things in the treaty of Germany—reparation for Belgium and France and punishment of the German war lords—and will demand these things. Recently there seems to have been a disposition on the part of the Supreme Council to soft pedal the demand for the Kaiser and his co-horts. Not one of the conditions of the treaty should be modified one iota. The war will not have its proper ending until the war lords are brought to trial—and when we write brought—we mean dead or alive.

Not too much hope should be based on the news article today stating that government officials agreed that price drops in necessities could be expected as a result of the depreciating foreign exchange and this statement should be accepted as a mere prophesy and not as a statement of certainty. Then reasoning, however, is logical. The tremendous exports of food stuffs to Europe has had no small influence on the price of food stuffs and clothing necessities. The demand of Europe is so great that any kind of an article finds ready sale. An instance of this condition of affairs came to our notice recently when we were offered ninety dollars for a second handed typewriter. The purchaser, after we declined to accept his proposition, told us that his firm was buying up all of that model they could get for export and that their European customer was bidding one hundred and twenty-five dollars for them, a figure higher than the price of the machine new. If this condition prevails on a business necessity no much more so does it exist in food and clothing.

REUBEN ALFRED HOLT

Reuben Alfred Holt was born near Keewaydin, Covington township, February 17th, 1854. He was the son of James Holt. He died at Karthaus January 30th, 1920. His passing out marks the fifth death in a family of six brothers.

Mr. Holt lived all his life in Covington township, and was a good citizen. All who knew him well have a good word to say of him. He was thoroughly industrious and performed his part of the world's work to the best of his ability.

He was a kind friend and neighbor and was always ready to go out of his way to help somebody else, and will be much missed in the community.

He was united in marriage with Mary C. Beightol almost forty one years ago. He was a good husband

and father, and they a most devoted couple. They lived for each other and their family and had a happy home.

Mr. Holt had been in poor health for several years, and had been a great sufferer during the past few weeks.

He is survived by his wife and two daughters, Mrs. Cecelia McCloskey, Karthaus; Mrs. Clara Belle Shuey, Bald Hill; Blain H. Holt, Surveyor, and brother George D. Holt, Glass Fiat, and several grand children.

The funeral was held Monday, February 2nd, at two o'clock, from the Karthaus Methodist church, Rev. John P. McCurdy officiating. Interment at Keewaydin.

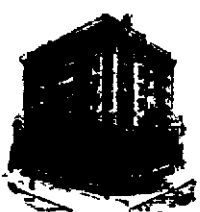

Mrs. M. M. Bruner and son Guy and daughter Margaret left yesterday for Latrobe, Pa., where they were called on account of the death of Charles H. Lafferty.

Checks are Essential

The people who use bank checks could hardly do without them and nothing can take the place of personal checks.

Your personal check on the Bank is a dated and signed order for the Bank to pay from your funds on deposit, the amount in dollars and cents, to the person you name.

Each check does its work in a reliable way, and furnishes you a trustworthy record of each transaction for your future reference. The amount stays paid. If you do not pay with checks, begin now. Make arrangements here.

ARE YOU LOSING "PEP?"

Do you feel tired all the time? Does your back ache? Do you feel so spry as you used to be? Middle-aged men and women often blame on-coming old age for loss of ambition and energy when it is overwork or disordered kidneys that cause them to feel old before their time. Foley Kidney Pills tone up and invigorate the kidneys, banish back ache, and the blood of poisons. Rev. W. L. M. Swindole, Macon, Ga., writes: "I am ready any time to speak for Foley Kidney Pills. Sold everywhere."

Office hours daily and evening. Woolridge building, H & C. 1469, Clearfield, Pa.

After Sickness

Nothing restores Strength and Vitality as quickly as Vinol, our Cod Liver and Iron Tonic.

'Mrs. Moore Proved This:

Warsaw, Ind. — Influenza left me so weak and anemic, and with no appetite. I could not even walk around the house without being all exhausted, and as I am a housewife I had to have help. I tried tonics and doctors without benefit. I read about Vinol and four bottles built me up and restored my strength, and I have several friends who were benefited in the same way by its use. — Mrs. CHARLES MOORE.

Weak, anemic persons of all ages are promptly benefited by this famous tonic. We are so sure it is better than any other that we will give

Your money back if it fails.

Ford
THE UNIVERSAL CAR

Don't Depend On Spring Deliveries

Spring deliveries of Ford cars have never been certain, and they should not be depended upon. Demand has always been greater for Ford cars than the supply or production. So, if you would be sure of having a Ford car, but it now while deliveries are possible. Don't wait—even next month is an uncertainty.

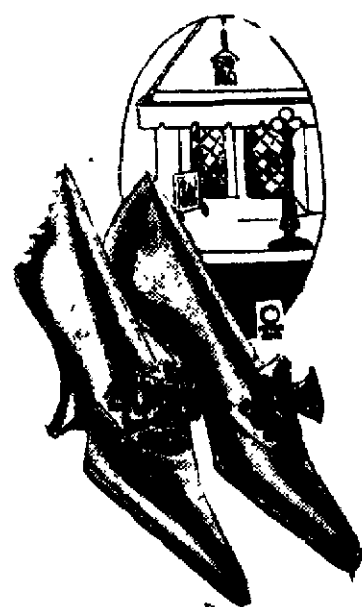

Only a limited, specified number of cars has been allotted this territory. That allotment cannot be increased, because the demand all over the country is greater than the supply or production. Get your order in now, and you will be one of those who is sure of a Ford car out of our allotment.

It's first come—first served. All orders are filled in rotation. So, if you would be forehanded, if you would be certain of having a Ford car when you want it—then you will buy a Ford car now. A signed order with us is your protection. It is the result of the wisdom of looking ahead.

If you buy a Ford car now, don't think you have to "store" it. The Ford is a car made to serve its owner for business or pleasure throughout the entire year. Ford owners have long since come to recognize the fact. It is no longer popular to "lay-up" your car for the winter. Buy a Ford car now, and use it now.

Blue Bird
ELECTRIC CLOTHES WASHER

Save Her Youth

If your wife is doing the washing over a rub-board she is spending nearly two months out of every year, ten years of her whole life-time, at the hardest work that either a man or woman is ever called upon to do.

If you could see her down in the gloomy cellar battling with a mountain of dirty clothes to provide you and the home with clean things—

If you only knew how she longed to be free forever of bending over that board and of parboiling her hands for hours in those hot, eating soap-suds—

If you only knew the backaches—yes, the heartaches that are hers as she sees her youth leaving her, sapped by the aging fatigue of washday— You would do something now—today—to solve this big work problem of hers—and all you have to do to solve this vital problem of her life is to call today and see the

BLUE BIRD

Electric Clothes Washer

What you see, and what you find out, will amaze you—the whole washing done far cleaner than by hand, and three times as fast, without any real work at all, and all the clothes washed without the slightest wear or tear; in fact, clothes washed the Blue Bird way last five times longer than when washed on a rub-board. Arrange for a

Free Demonstration in your home

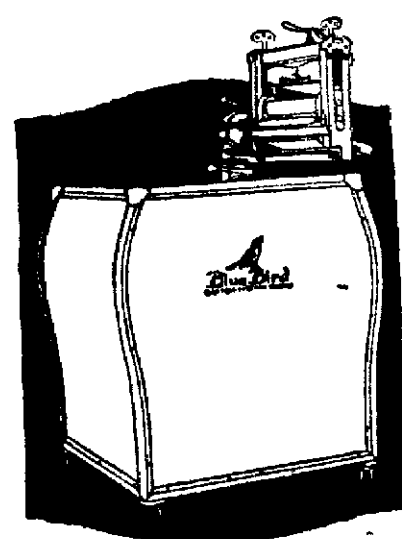

and prove what this wonderful washer will do and what it will mean to you. No expense! Nothing to sign! No obligation! and see Blue Bird today, sure.

SULPHUR CLEARS A PIMPLY SKIN

Apply Sulphur as Told When Your Skin Breaks Out

Any breaking out of the skin on face, neck, arms or body is overcome quickest by applying Menthio-Sulphur. The pimples seem to dry right up and go away, declares a noted skin specialist.

Nothing has ever been found to take the place of sulphur as a pimple remover. It is harmless and inexpensive. Just ask any druggist for a small jar of Menthio-Sulphur and use it like cold cream.

LINCOLN DAY PLAY AT THE HIGH SCHOOL

The Market street school children will present a Lincoln Day play entitled "With Fire and Drum," by Clara J. Denton, on Thursday evening, February 12, 1920 at 8 o'clock at the High school auditorium.

In addition to the play pleasing specialties will be introduced between the acts. These will consist of negro songs, buck and wing dance and genuine negro cake walk.

The proceeds will go to the school library fund which was started last year and the little actors should be greeted by a crowded house on this occasion.

Admission will be, adults 15c, children 10c.

AT THE HIGH SCHOOL AUDITORIUM

Saturday, February 7th, 1920, Staff Captain William (Dad) Halpin, the man whom many ex-service men will want to see and hear again, will be at the High School Auditorium. I should like all who appreciate what the Staff Captain did for them and their "over there," to come and give him a hearty welcome.

The Staff Captain was with the Victory Loan Train, and made many friends in this section who will want to see and hear him again.

All who have heard him on his former visits, will want to do so again, so we have secured the High School Auditorium in order that more may hear him. But you had better come early.

There will be no admission charged but a collection will be taken up to help pay for the Auditorium and traveling expenses.

Doors open at 7:30 P. M., and big time begins at 8 P. M.

BARREL OF CIDER BROUGHT TOP PRICE

At a recent vendue in one of the southwestern townships of the county, among the articles put up for sale was a barrel of cider vinegar, listed as being in "prime condition." As was to have been expected the bidding was more spirited at this point than at any other time during the sale. The lucky purchaser is said to have put up \$77 for the barrel.

As soon as it was knocked down to him, the lucky new owner sampled its contents, while the less fortunate ones looked on enviously. After a long draught or two, a general invitation to participate was extended to the assembled guests, and none refused.

The cider was "hard as nails," had a beautiful 15 per cent. kick, and pretty soon the loquacity of the many bidders put even the glib-tongued auctioneer in the shade. It helped the sale, too.

MISS KNOWLES MAY BE MARRIED MONDAY

FALL RIVER, MASS., Feb. 5.—Miss Emily Knowles and Guy H. Knowles, brother of the father of Knowles' child, probably will be married here next Monday, Knowles said today.

WILLIAM BILL SCHUBERT, William D. Schuber, son of late Dr. E. M. Schuber, of Clearfield, who died suddenly last evening last at his home 300 Dithridge street, Pittsburgh, born in Clearfield thirty-five years ago. He is survived by a wife, his mother and one sister.

The remains will be brought to Clearfield Friday afternoon on the 4:35 P. M. R. & P. train and the funeral, under the direction of Dr. Leary, will occur from the church. The local pallbearers selected are E. Orvitt, C. A. Smith, Louis Gaudin, Don Gaudin, J. Chas. Gaudin and William F. Powell. Interment is in Hillcrest cemetery.

MU-COL Replaces Alcohol

The high cost of Alcohol today makes its use practically prohibitive for general bathing purposes and to reduce the fever in severe illness.

MU-COL replaces Alcohol in the sick room, at trifling cost, quickly reducing the temperature and cooling the skin. It at once affords prompt relief from any soreness or discomfort as a result of being confined to bed and minimizes the danger of the patient contracting bed sores.

People who have been accustomed to the invigorating effect of an alcohol rub should try a MU-COL sponge bath. They will be delighted to find how completely it takes its place.

Any first-class pharmacist can supply you. Remember the name, MU-COL.

The Finest Ice Cream You Ever Tasted

For Sunday Dinner Deser!

HER BOY HAD ALWAYS BEEN WEAK AND PUNY

Now he eats everything in sight and romps with playmates.

My four year old boy had been weak and puny since birth, and had constipation and indigestion. Nothing did him any good until we tried Milk's Emulsion. Since using it, he can't get enough to eat and has outgrown his childhood trouble. He plays out with the children now, and he was never able to do that before. ---Way Heart, 424 Bondy Ave., New Castle, Ind.

Weak, ailing children usually start eating and getting stronger from the very first bottle of Milk's Emulsion. Most children like to take it, because it really tastes good. A trial costs nothing.

Milk's Emulsion is a pleasant, nutritive food and a corrective medicine. It restores healthy, natural bowel action, doing away with all need of pills and physic. It promotes appetite and quickens the digestive organs in shape to assimilate food. As a builder of flesh and strength, Milk's Emulsion is strongly recommended to those whose sickness has weakened, and is a powerful aid in restoring and repairing the effects of wasting diseases. Chronic stomach trouble and constipation are promptly relieved---usually in one day. It produces remarkable results in colds, coughs and bronchial asthma.

This is the only solid emulsion made, and so palatable that it is eaten with a spoon like ice cream.

No matter how severe your case, you are urged to try Milk's Emulsion under this guarantee---Take six bottles home with you, use it according to directions and if not satisfied with the results, your money will be promptly refunded. Price 60c and \$1.20 per bottle. The Milk's Emulsion Co., Terre Haute, Ind. Sold by druggists everywhere. Guaranteed by Stewart's Drug Store.

MORE PRAISE FOR MISS YORKE

Indisputably Miss Yorke was the popular member of the company. Young, beautiful and full of animation, a natural actor and possessed of a remarkably sweet yet powerful and well-trained voice, she sang herself into the hearts of the thousands who heard her. Four year a pupil of Sebastiana in Italy she returned to this country a year ago and instantly

made a place for herself on the concert stage, appearing with artists of national reputation and dividing with them the applause of large audiences.---Williamsport Grit.

The infant son of Mr. and Mrs. Ray Pooler died at the family home on South Second street early this morning and will be buried in Hillcrest cemetery tomorrow afternoon.

SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs kidneys, then back hurts and bladder bothers you

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

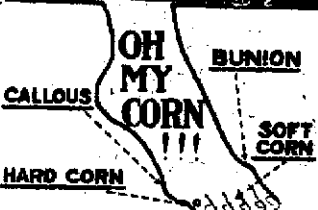

ALLEN CHURCH SOLICITORS

Mrs. George Glaver is ill at her home on Fifth street, with the gripe.

THIS is the sweet, white maple cylinder that is an immensely important feature of the Thor machine.

The clothes are put into the cylinder with enough water to barely cover them. When the machine is started this cylinder revolves---eight times one way and eight times back---and keeps it up until you stop it. As the cylinder revolves, lifter bars carry the clothes upward until they reach a point where they fall back of their own weight into the steaming suds---the water surging thru the clothes washing them instead of rubbing them.

There is absolutely no wear on the clothes in a Thor machine. It cuts expenses in half.

Free Demonstration in your own home

LOOK here! We'll do a full big washing for you in your own laundry any day you wish. You say when you want our expert to come and bring along a machine. Then, pile up everything and anything you wish to have washed---fine laces, heavy blankets, sheets---and let the machine go to it. That's the way to test a washing machine, let it do the work you want it to do and let it do it right where it will have to do it week in and week out. We are so confident that you will be delighted with the

Thor ELECTRIC WASHING MACHINE

WITH SWINGING WRINGER

that we are willing to take our chances on you're liking it. If you don't like it, you are under no obligation of any kind. If you do like it you can keep it by paying

\$10.00 Down and the balance in easy monthly payments.

WHY THE THOR IS THE SUPREME MACHINE

It has the all-metal, full-swinging wringer, which cannot be operated until locked in position.

It is built to wear and will last a lifetime.

It is unqualifiedly guaranteed by the Hurley Machine Company, the largest manufacturer of washing machines in the world.

It is a cylinder machine and every laundryman in this country will tell you that he uses cylinder machines and that they are the only practical thing.

It washes clothes clean---absolutely clean---without tearing or otherwise damaging them. A sweet, White Maple cylinder does the work.

The Thor has a full-length gas-burner that boils your clothes while they are being washed. This insures spotlessly white and sterilized garments.

Electric current and gas for operation costs approximately three cents per hour.

There are no belts to break or catch the clothes of the operator; steel shafts and gears all enclosed assure safety first and make it foolproof.

The Thor has stood the test of fourteen years' service and today is used in more than 400,000 American homes.

Good Housekeeping Institute unqualifiedly endorses the Thor.

This Offer is Limited: Make up your mind right now, because our expert demonstrators are only here for a short time. Reach for a phone now and tell us when and where to come. We'll do the rest.

DRIGGS THEATRE

Tonight

ALICE BRADY IN
"THE WORLD TO LIVE IN"

She as a tinpanner—a girl who took all she could get out of life without giving anything. Happiness—the kind of happiness that is derived from money—was her one desire. She fell in love with a man who had no money. One of the richest men in New York proposed to her. She was another man's pal. His wife threatened to name her a co-respondent in a divorce case. What did she do? Whom did she marry? See this delightful and absorbing photoplay with charming ALICE BRADY, tonight. It will repay you a hundredfold.

Jim Corbett in "THE MIDNIGHT MAN"

CHRISTIE COMEDY

Orchestra 25c

Balcony 20c

GLOBE---Tonight

SPECIAL UNIVERSAL FEATURE
OLIVE TELL in
"THE TRAP"

Also Ben Wilson and Neva Gerber in
"THE TRAIL OF THE OCTOPUS"

Admission 10c, 15c

Sleep?
Does a dry cough keep you awake?
KEMP'S BALSAM
will stop the tickle that makes you cough.

That's Right, Say "I Want CELERY KING"

Take a cup to regulate your bowels to purify your blood and make you strong as you can withstand an attack of grippe if it happens to come along this winter. It's one great vegetable laxative and it won't cost you but a few cents to find it out. Children like it.

CHILDREN

should not be "dosed" for colds—apply the "outside" treatment—

VICK'S VAPORUB
"YOUR BODYGUARD"—50c, 60c, 75c

Oysters More Plentiful

The little break-up loosened the frozen-in oyster boats. This, in turn, makes the supply of oysters better.

Oysters we have been getting are opening up fine and they're just a little larger than those we have been offering.

THORN BROS.

Great Cold Weather

Take it either way and you're right! The cold you're really interested in is the one that may lead you to a long spell of sickness. Break that up with LAXACOLD TABLETS.

Prompt, efficient and not unpleasant.
STEWART'S DRUG STORE
The New Tea Store

Have one simple heating plant all down in the cellar where it belongs. Get rid of the troublesome stoves that take up so much space and make so much dirt and extra work. Enjoy the healthful, clean heat of the

INTERNATIONAL ONEPIPE HEATER

Installed in a few hours; no tearing up of walls; no radiators; simply one substantial heater in your cellar with one pipe and one register. On trial for 60 days and guaranteed for 5 years.

Come in and learn more about it.

Wm. F. Powell
Second St.

Built to give the most heat with the least fuel.

Keeps the house warm and the cellar cool

Thousands of women will never go back

to the old way hand ironing. They do their ironing the Simplex Way, and rid themselves of the drudgery, the backache and the terribly tiring work. The

SIMPLEX IRONER

does the average family ironing in one hour at a cost of 3 cents, and does it so much better that your linen looks like new. You can iron a tablecloth in 3 minutes, and two pairs of curtains in 6 minutes on the SIMPLEX, and you can iron everything but skirts and shirtwaists.

It preserves your linen and your health, and the saving in fuel, help and laundry bills pays for the machine in a short time.

Let us show you the special features of the SIMPLEX that make it the safest and most practical ironer to operate.
